

Scale Productivity with a Single Cable

SD4800P Universal USB-C Scalable Video Dock with Power Delivery

Let the leader in professional desktop performance make the most of your laptop's USB-C connectivity with the ultimate driverless docking solution. Developed with scalability in mind, the SD4800P Universal USB-C Scalable Video Dock with Power Delivery provides users with dual video support today and triple 1080p video support for next gen DisplayPort 1.4 devices. A single USB-C cable connection not only powers your device, it transfers video, audio, and data at up to 10Gbps, and connects up to three external displays –providing the ultimate plug and play docking experience –with no driver installation required.

Features & Benefits:

- **Driverless USB-C Connectivity** allows users to transfer data (up to 10Gbps), video, and audio, and provide up to 60W of power delivery (PD 3.0)* via a single cable for a simple plug and play experience with no drivers required
- **Dual or Triple Video Output Options**** provide two DisplayPort++ ports and one HDMI port to allow users to select the right connections for their environment –while also eliminating the need for expensive adapters
- **6 USB Ports** extend productivity capabilities via two high-speed front ports –one USB-C 3.1 Gen2 port for power delivery and data transfer (up to 5V/3A/10Gbps) and one USB-A 3.1 Gen2 port (up to 5V/2.4A/10Gbps), and four rear USB 3.0 ports (up to 5V/0.9A/5Gbps)
- **Universal Compatibility** –connects to any Windows 7 or above laptop equipped with USB-C
- **On/Off Switch** conveniently turns the dock on or off as needed with the push of a button
- **Gigabit Ethernet Port** provides a reliable 1Gbps wired networking connection
- **Combo 3.5mm Headphone & Microphone Jack** on the front of the dock allows users to easily connect their favorite headset
- **1M USB-C Cable** provides extra length to accommodate different desktop configurations
- **Kensington Security Slot** protects your technology investment via easy implementation of a cable lock
- **Zero Footprint Mounting** provides the option to attach the dock to the back of any VESA® compatible external display (K33959WW sold separately)

Compatibility

- Windows 7 or above
- Host USB-C Port (Supporting Power Delivery and DisplayPort Alt Mode)

Why Trust Kensington?

For over 35 years, Kensington has been The Professionals' Choice for desktop productivity solutions. Committed to delivering robust solutions, Kensington delivers high-tech productivity with universal simplicity.

SD4800P Universal USB-C Scalable Video Dock with Power Delivery
K38249NA

*Host device must support Power Delivery and DisplayPort Alt mode over USB-C
**Triple display configurations are supported up to 1600 x 900 @ 60Hz on DP 1.2 compliant laptops and up to 1920 x 1080 @ 60Hz on DP 1.4 compliant laptops.
The laptop's display should be closed when using three external monitors.
