## Feel the Difference

### ErgoSoft™ Wrist Rest for Slim Keyboards

- **Pro-Comfort Support** features a faux leather exterior reinforced by a gel-cushioned interior to provide an unrivaled balance between comfortable softness and firm ergonomic support
- **Ergonomist Approved** to provide optimal health and protection when used correctly through proper alignment, tailored dimensions, and a unique curved design
- **Contoured Shape** fits the entire length of the keyboard and provides additional padding and support for thumb rest areas
- **Professional-Level Design** provides functional and sophisticated low-profile elegance, durable seamless edges and non-skid backing
- **Easy-to-Clean Surface** wipes clean with a damp cloth to keep your wrist rest looking and performing well after years of use
- **Wipe Down Protection** - Meets MIL-STD-810H Method 504.3 Contamination by Fluids testing for resistance to breakdown when exposed to cleaning and disinfecting solvents such as alcohol and bleach for at least 24 hours.

# Feel the Difference

## ErgoSoft™ Wrist Rest

Support proper wrist alignment and improve neck and shoulder comfort with Kensington's ErgoSoft™ Wrist Rests. Ergonomically designed to fit today's thinner devices, Kensington's ErgoSoft Wrist Rests promote wellness and improve productivity. Featuring a premium faux leather exterior reinforced by a gel-cushioned interior, ErgoSoft Wrist Rests are available in a variety of designs to accommodate the different heights of mechanical, gaming, slim, or standard sized keyboards and mice. An ideal wrist rest for contemporary workspaces and modern offices.

### Why Include a Workstation Wrist Rest?

Kensington's ErgoSoft Wrist Rests are the perfect solution for the ergonomically focused workstation, keeping wrist postures as neutral as possible to support health and comfort. In addition to other workstation components, such as the chair, desk and keyboard, wrist rests can be part of an organization's ergonomics program to support employee well-being. The benefits of an ergonomics program are far-reaching and can make a positive difference for everyone in your organization.

- Improves the health of your employees – which can improve your organization's DART rate and provide an opportunity to pass healthcare savings on to employees
- Improves employee morale – and happy employees are 12% more productive
- Leads to less turnover and increased employee satisfaction – supporting employees who are more loyal, productive, alert and happier overall
