

Keep Your Business, Your Business

FP123 Privacy Screen for Surface™ Pro 6, Surface™ Pro (2017) & Surface™ Pro 4

Protect the sensitive information on your Surface Pro by reducing the chances of wandering eyes viewing confidential data on your screen. This privacy screen is designed specifically for the Microsoft® Surface™ Pro and is compatible with the touch screen. The FP Series Laptop Privacy Screens limit the field of vision to +/- 30 degrees so a person off to the side only sees a dark screen.

Features & Benefits:

- Limits viewing angle to +/- 30° (in landscape mode), hiding personal or confidential information from anyone trying to look from the side
- Reduces harmful blue light by up to 30%
- Can be installed using included double-sided tape
- Anti-reflective coating reduces glare and improves clarity
- Reversible with matte and glossy viewing options
- Designed for the Microsoft Surface Pro this privacy screen is compatible with the touch screen
- Protects the monitor screen from scratches and damage
- Cleaning cloth included

About Kensington

Trust Kensington, the choice of IT professionals, to help protect the sensitive information on your Surface® Pro and reduce the chances of wandering eyes viewing confidential data on your screen. This privacy screen is designed specifically for the Microsoft® Surface® Pro and is compatible with the touch screen. The FP Series Laptop Privacy Screens limit the field of vision to +/- 30 degrees (in landscape mode) so a person off to the side only sees a dark screen. They are easy to install with the included double-sided tape. The reversible privacy screens also use an anti-reflective coating to reduce glare, and they filter out harmful blue light by up to 30 percent.
