

Kensington®

Productivity and Comfort

SmartFit® Monitor Arms

Kensington SmartFit monitor arms work with almost any monitor to allow perfect positioning for a safe, comfortable and ergonomic workspace. Our exclusive colour-coded SmartFit system places the monitor at the ideal height, reducing eye and neck strain so that employees get more done, more comfortably. SmartFit monitor arms are lightweight, require little or no assembly, and can be set up by just one person. The monitor height re-adjusts in seconds, meaning that multiple users of the same workspace can adjust for their own perfect fit – without the help of the IT manager.
