

Pro Fit® Ergo Vertical Wireless Trackball

Part Number: K75326WW (B2B) | UPC Code: 0 85896 75326 1

Innovative
comfort and
control.

Give your hand a healthy break. Upgrade to ergonomist-approved comfort and premium cursor control with Kensington's Pro Fit® Ergo Vertical Wireless Trackball. A 60° tilt angle keeps the wrist in a natural handshake position to improve wrist and forearm posture and minimize muscle use. Perfect for new trackball users, this vertical trackball is easy to learn and offers 9 programmable buttons for significant productivity gains.

- **Ergonomist-Approved Design** – All-day comfort is provided through an ergo design with a 60° tilt and natural handshake position to improve wrist and forearm position.
- **Easy to Use** – Uses the same left click, right click and scroll wheel operation as a traditional mouse while providing the advantages of a trackball with a simple roll of the thumb.
- **Premium Precision & Speed** – The high-quality optical tracking sensor, 34mm thumb-operated trackball and triple DPI switch provide smooth cursor control, optimal precision and easy cursor speed transitions.
- **Flexible Wireless Connection Options** – Connect your vertical trackball to up to 3 different devices – one via the 2.4GHz nano dongle that stows inside the trackball body and two additional connections via Bluetooth.
- **Plug & Play or Customize** – Experience plug and play default settings or use KensingtonWorks software to set pointer and scrolling options and professionally customize 9 programmable buttons to tackle common tasks with one touch.
