MagPro™ Elite Magnetic Privacy Screen for MacBook Pro 14" (2021)

Part Number: K58370WW | UPC Code: 085896583707

Privacy begins on screen.

The move toward hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking. Owners of the MacBook Pro 14" require a privacy screen that can be quickly attached and detached, allowing the laptop to close completely to enter sleep mode. The MagPro™ Elite Magnetic Privacy Screen attaches seamlessly to the MacBook Pro's magnetic frame, requiring no inconvenient adhesives. Allowing the device to close completely, the screen narrows the viewing angle to +/- 30°, limiting the chance of unauthorized viewing and reducing harmful blue light and glare.

Features include:

• Seamless magnetic attachment
• Allows laptop to close and enter sleep mode
• Limited viewing angle
• Blue light reduction
• Low reflective coating
• Reversible viewing

MagPro™ Elite Magnetic Privacy Screen for MacBook Pro 14" (2021)

Part Number: K58370WW | UPC Code: 085896583707

Seamless Magnetic Attachment

Privacy screen conveniently and easily attaches to — and detaches from — the MacBook Pro frame with magnets. No inconvenient and potentially damaging adhesives required.
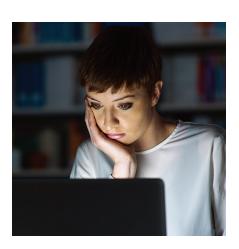

Allows Laptop to Close and Enter Sleep Mode

Even with the privacy screen attached, the MacBook Pro can close completely to enter sleep mode.

Limited Viewing Angle

Narrows the field of vision to +/- 30 degrees, helping you keep the information on your screen private and reducing the chances of a visual data breach in the office or in a public setting.

Blue Light Reduction

Filters out harmful blue light rays by up to 30%, easing eye strain and reducing the chances of blue light interrupting natural sleep patterns.

Low Reflective Coating

Reduces glare from outside light sources for improved viewing clarity.

Reversible Viewing

Glossy   Matte

One side has a matte finish to reduce glare and fingerprints. The other side is glossy and provides a clearer view of the monitor. Magnets make it easy to detach and reattach.

MagPro™ Elite Magnetic Privacy Screen for MacBook Pro 14" (2021)
