

## Extending the life of your docking station investments

### SD4700P Universal USB-C and USB 3.0 Docking Station

Supporting the latest USB-C connections and legacy computers with USB 3.0 ports, the SD4700P Universal USB-C and USB 3.0 Docking Station is the ideal docking solution for evolving computer environments. Engineered using the most stable and trusted technology, the SD4700P provides compatibility that just works. Exhaustively tested with new and legacy laptop models, the SD4700P extends the life of your technology investments and is easy and painless to set up.

#### Features and benefits:

- **Universal Docking Station** is a smart technology investment for evolving and mixed computer environments – conveniently connecting any laptop equipped with USB-C or USB 3.0 and supporting both Windows and Mac
- **Simple setup** up allows you to connect and quickly transfer audio, video, data and power (supported USB-C devices with PD function only), keeping your workspace clean and clutter-free, while also easily accommodating roaming computer environments and flexible workspaces
- **DisplayPort++/HDMI** provides flexible video connections with support up to 2560x1600 for a single monitor or 2048x1152 for dual monitors via DisplayLink
- **Six USB ports** extends the productivity capabilities of today's thin laptops via one USB-C port, and five USB 3.0 ports, one of which is a 2.1A fast-charging port to power up a tablet or smartphone
- **135W power supply adapter** provides ample power for dock and up to 60W of power for devices connected via Power Delivery (PD) USB-C
- **Combo 3.5mm headphone & microphone jack** lets users easily connect their favourite headset
- **Gigabit ethernet port** provides a reliable 1Gb wired networking connection between computers for faster downloads from corporate intranet or internet
- **Kensington Security Slot** protects your technology investment via easy implementation of a cable lock

#### Compatibility

Windows 7 and 10  
macOS 10.13 or later

#### Why Trust Kensington?

For over 35 years, Kensington has been The Professionals' Choice for desktop productivity solutions. Committed to delivering stable solutions that help IT managers extend the life of their technology investments, Kensington's docks offer the latest technology with cross-compatibility options. Kensington exhaustively tests their docking stations with new and existing laptop models from the world's most popular manufacturers, including HP, Dell, Lenovo and Apple, to ensure an easy and painless setup process.
