## Privacy Screens for Laptops and Monitors

### Stop Visual Hacking in its Tracks.

On average 488 Million Business trips are taken annually<sup>1</sup>, demonstrating that more work is done outside of the office, and with employees using more than one device to do their jobs, visual hacking is becoming a security threat. So how can you prepare your employees from prying eyes? Kensington privacy screens are an easy way to reduce chances of visual hacking and help keep your organization's information safe..
