

Workstation Privacy Screens

The Ultimate Do Not Disturb Sign

Minimize interruptions. Increase concentration.

Finally, think clearly and get things done

The #1 complaint among people working in cubicles is a lack of personal privacy. Often, it takes up to 4 times longer than the interruption itself to return to your same level of concentration and productivity. The Quartet® Privacy Screen puts a barrier between unwanted distractions and serious work. This great solution transforms modular office spaces into distraction-free, interruption-free work areas. With the average knowledge worker being interrupted 73* times a day, the privacy screen allows you to get down to business, focus, and be more productive.

*Phone calls, email, and conversations.

Our experience in the industry and our insight into how people work allows us to design innovative solutions that help people do what they do better. The Quartet Privacy Screen will enhance your environment so that you can get more work done.

Block interruptions

The Premium Privacy Screen is the solution you need to get down to business. Easily slide the screen with floor-based wheels and universal mounting system to turn your cubicle into a productive work environment.

Improve your space

Match the rest of the office with the translucent polycarbonate panels and brushed-silver aluminum frame that will complement any modular office environment.

Accomplish more

Make yourself more productive with this efficient office solution. Slide the screen closed to keep your concentration and do your best work.

Easy to install

The Premium Privacy Screen is easy to install and will seamlessly blend into any office environment. Just clamp to the outside of your cubicle wall and slide open and closed to create the distraction-free zone you need. This universal mounting system is easy to install and can be installed to standard sized cubicle systems measuring 65" tall (1-1/4" to 3-1/4" thick). Includes 4" leg extenders to increase privacy in cubicles over 68".

Designed for durability

The sturdy, brushed and anodized solid aluminum frame and die-cast corners add strength and durability to this modular solution. Each privacy screen is built with the most durable of materials to last through years of use.

Built for you

With the translucent material of each screen, you'll get natural light and the ability to see out of your cube while people can see you are busy inside. Keep your privacy without being cut-off from the rest of the office with these cubicle solutions.

Communicate with others

Leave notes for coworkers or post special information on the durable dry-erase message board with built-in marker tray. Use the board's nameplate to identify the cubicle user or department.
