

# Quartet®iQ™ Whiteboards

Smart in every sense of the word.

## Product Features

### Total Erase® Surface

Premium surface with superior erasing performance. Occasional cleaning required.

# Quartet® iQ™ Whiteboards

When we set out to create the ideal whiteboard, we wanted a design that would blend in perfectly with even the most sophisticated environments, which meant integrating form and function in ways that required thinking outside of the frame. Smart in every sense of the word, the result is the exceptionally sleek and extraordinarily light-weight Quartet® iQ™ Whiteboard.

**Clear Communication.** Renowned Total Erase® surface allows markers to virtually glide across surface and resists stains and ghosting.

**Stylish Design.** Focus on what counts — your ideas.

Unique, high-tech translucent edge not only disappears in the background for a seamless fit in any décor, it also extends the writing surface from edge to edge.

**Flexibility.** Thanks to its frameless construction and a flexible mounting system, the iQ board can even be mounted on contemporary, curved wall designs.

**Self-gripping, built-in accessory tray slides off and on iQ's clear edge to easily accommodate both vertical and horizontal installation.**

**Enlightened & Innovative.** iQ features a unique Pass-Thru mounting system for both vertical and horizontal applications. Its lightweight design allows you to attach even the largest iQ board to a cubicle wall using nothing more than a few simple metal fabric pins. The screws (or pins) are elegantly masked with four smooth steel-finish caps.

TM4929	31" x 46.5"
TM3623	22.5" x 35.5"
TM2316	16" x 22.75"
TM1107	6.5" x 11"

6.5" x 11" iQ board is mounted with hook-and-loop fastener or double-sided tape.

Large Rooms. Thanks to the iQ's unique vanishing-edge design and stylish look, all your group discussions, brainstorming meetings and presentations will be persuasive and remembered.

The ultimate in versatility, iQ fits perfectly in every environment and complements any décor. Its lightweight construction and innovative mounting system gives you the flexibility to hang it anywhere, from large conference rooms to small personal workspaces. And the Total Erase® surface resists stains and ghosting.

Medium Rooms. Built to work harmoniously with any room in your office, iQ is a wonderful tool for creative discussions, internal presentations, and brainstorming success.

Small Workspaces. iQ also comes in handy sizes for personal messaging inside or outside your workspace. Its flawless design fuses with your individual sense of space.

## Mounting Systems

### Versatile Installation.

Flexible "Pass-Thru" mounting system allows horizontal and vertical mounting, even on curved walls.

Screws are elegantly masked with four smooth steel-finish caps.

Ultra-lightweight construction lets you hang even the largest-sized board on a cubicle wall with supplied thin metal fabric pins.

\*Mounting system subject to change based on board size.
