

USB-C™ Docking with next gen locking

LD4650P Universal USB-C Dock with K-Fob™ Smart Lock

The LD4650P Universal USB-C Dock with K-Fob™ Smart Lock combines Kensington's thoroughly tested universal USB-C docking technology with next generation encrypted digital laptop locking technology to deliver a game-changing 2-in-1 docking and locking solution for Windows users. Get more compatibility and productivity while reducing laptop theft and improving compliance with corporate security protocols. Secures thin and light laptops 11-15" in size, including models from Dell, HP, Lenovo and other manufacturers.

USB-C
connectivity

Features and benefits:

- **Access options** – Single-User (K38400EU) for a simple locking experience for fixed desk users or Multi-User with Admin Control (K38401M) for hot-desking, hoteling and/or shared workspaces
- **Plug & Play** for supported Windows 10 systems
- **USB-C connectivity** allows users to transfer data (up to 10Gbps), video and audio while providing up to 60W of power delivery* to USB-C enabled laptops for a simple plug and play experience
- **Dual 1080P Video Outputs**** for Windows via DisplayPort++ for connection to external monitors, TVs or projectors
- **Productivity ports** allow users to connect to peripheral accessories via two USB-A 3.1 Gen 2 ports (10Gbps;5V/0.9A), two USB-A 3.1 Gen 1 ports (5Gbps;5V/0.9A), one 1Gbps Ethernet port and a combo 3.5mm audio in/out port
- **K-Fob™ Smart Lock Technology** provides encrypted security with the simplicity of keyless locking
- **Professional locking design** conforms to Kensington's industry-leading testing standards for durability, provides unobstructed access to the laptop's side ports and does not require any laptop modifications
- **Adjustable security arms** accommodate 11"-15" thin and light laptops and easily adjust without tools
- **Scratch-resistant bumpers** protect laptop screen and frame from cosmetic damage
- **Flexible security options** allow you to secure the station to any fixed object using the removable tethered lock cable, or use the built-in Kensington Security Slot with a cable lock, or permanently secure using the desktop mounting holes
- **Register & Retrieve™** program provides free and secure cloud-based key fob replacement
- **3-year limited warranty**

* Supported USB-C devices with PD function only

** Host device must support Alt mode over USB-C; Only for Windows
