

Kensington®

No Eyes On You

MacBook 12" Privacy Screen

Trust Kensington, the choice of IT professionals, to help protect the sensitive information on your MacBook 12-inch and reduce the chances of wandering eyes viewing confidential data on your screen. MP Series Laptop Privacy Screens limit the field of vision to +/- 30 degrees so a person off to the side only sees a dark screen. They are easy to attach or remove with the innovative magnetic strip.

Features and benefits:

- Seamless magnetic integration stays attached to the screen and can be closed with minimal gaps so your MacBook can still enter sleep mode
- Limits viewing angle to +/- 30°, hiding personal or confidential information from anyone trying to look from the side
- Reduces harmful blue light by up to 22%
- Low reflective coating reduces glare and improves clarity
- Reversible with matte and glossy viewing options
- Protects the monitor screen from scratches and damage
- Cleaning cloth included

About Kensington

For more than 35 years, Kensington has been the brand IT professionals choose when they need the most innovative and reliable security solutions, desktop productivity accessories, and ergonomic products to deploy into their workforce. IT business professionals can rest assured every product has been designed with high-quality components that exceed industry testing standards, so it's built to last and will work safely with your deployed devices.
